

## GOALS OF THE CAMP

- **Discover new cultures**

We are proud to point out that at our camp your child will be given the opportunity to explore and appreciate cultures different from his or her own and in the end make new friends from all over the world.

Your child's French or English will improve leaps and bounds after a summer with us. Your child will have intensive yet fun language classes, mixed living situations (English with French) and not to mention all of our staff are native speakers.

Our 'melting pot' camp allows for the children to share their culture, traditions and food with the others in hope to encourage open-mindedness.

Your children will have a blast tasting all the dishes from the region with the scrumptious traditional meals and not to mention cooking classes.

We want your child to discover the beautiful countryside and the scenery of Megeve. What better than treasure and scavenger hunts, mountain sports and hiking?

- **Creativity**

All the campers will be able to express themselves athletically as well as artistically. The kids can bring out their creative side with the different themes, role-playing games and arts and crafts.

All kids have a certain personality that makes him or her special. We want each camper to show us his or her special talent through theater, singing, dance and much more.

Maybe your child is a born natural artist or maybe he or she likes to just have fun and make crafts? How about hands on projects like decorating, arts and crafts, painting, mask making, or building with clay?

- **Strengthen the group feeling**

Each meal is like a big happy family with everyone together. The games and activities bring everyone together in a healthy environment. It's a team effort at our camp meaning each camper will learn to respect the other and follow the simple rules of camp life.

- **Encourage self-expression**

There will be open forums where the children can express their opinions. An anonymous idea box awaits new ideas and suggestions. Each camper's thoughts will be acknowledged and listened to.

Since the group will be coming from all over the world it is important for everyone to respect the routines of the others. There will be different bed times and weekend breaks.
